Why we collect and use pupil information

We, Ark Tindal Primary Academy and Ark Schools, collect and hold personal information relating to our pupils. We may also receive information about you from your previous school, local authority and/ or the Department for Education (DfE). We use this personal data to:

- support your learning
- monitor and report on your progress
- provide appropriate care for you
- assess the quality of our services
- to keep children safe (food allergies, or emergency contact details)
- comply with the statutory duties placed on us by DfE data collections

The use of your information is lawful (see Note 1) and so we do not usually need your consent to use this information. Sometimes we may want to use your data differently, and in these cases we would need to gain your consent (permission). We will ask your parent or carer for consent and you can change your mind at any time.

How we collect pupil information

When we collect personal information on our forms, we will make it clear whether there is a legal requirement for you/your parents/carers to provide this information. We will also make it clear whether there is a legal requirement on the school / academy trust to collect the information. If there is no legal requirement, then we will explain why we need it and what the consequences are if the information is not provided. We will also obtain information from your previous school, usually via secure file transfer from your previous school.

When we give your information to others

We will not give information about you to anyone without your consent unless the law and our policies allow us to do so. If you want to receive a copy of the information about you that we hold, please contact: Claire Smith via the Academy Office on 0121 464 3049.

Government

We are required, by law (under regulation 5 of the Education (Information about Individual Pupils) (England) Regulations 2013), to pass some information about you to the Department for Education (DfE). This is the part of the Government which is responsible for schools. This

personal information may, in turn, then be made available for use by the Local Authority. The DfE may also share this information that we give to them with other people or organisations. This will only take place where the law, including the law about data protection, allows it. (see Appendix 1 for more information on the National Pupil Database).

Parents and carers

We will also normally give information about you to your parents or your main carer. Where appropriate, we will listen to your views first. We will also take family circumstances into account, in particular where a Court has decided what information a parent/carers is allowed to have.

External organisations

We will also disclose your personal data to:

- Your new school if you move schools
- Disclosures connected with SEN support – e.g. non-LA professionals
- School nurse/ counsellor and CAMHS (Child and Adolescent Mental Health Service)
- Educators, examining bodies and our regulator Ofsted
- Suppliers and service providers – to enable them to provide the service we have contracted them for
- Central and local government
- Survey, research and security organisations
- Health authorities, health and social welfare organisations

Transfer outside of the European Economic Area (EEA)

We do not normally transfer your information to a different country outside the European Economic Area. This would only happen if one of your parents/carers lives abroad or if you move to a new school abroad. If this happens we will be very careful to make sure that it is safe to transfer your information. We will look at whether the other country has good data protection laws. If we cannot be sure that it is safe, then we will talk to you and your parents/carers about it and make sure that you are happy for us to send your information.

Sensitive personal information

The information disclosed to these people/services will include ‘sensitive personal information’ about you. Usually this means information about your health and any special educational needs or disabilities which you may have.

Biometric information is information about a person’s physical or behavioural characteristics that can be used to identify them, for example, information from their fingerprint. We would like to take and use information from your fingerprint and use this information for the purpose of providing you efficient systems such as cashless catering, library software, print and copy cost control, access control and registration systems.

We share this with other people/services because they need your personal information so that they can support you. Seek further advice if there is a concern over lawfulness. Our disclosure of your personal data is lawful (see Note 2) and it is in your vital interest for your personal information to be passed to these people or services.

We will ask you for consent once we think that you can understand what we are asking. This is because the law requires us to ask you if you can understand. Normally, we involve your parents/carers too. Before you are old enough to understand, we will ask your parents/carers

to consent for you.

How long we keep your information

We only keep your information for as long as we need to, or for as long as the law requires us to. Most of the information we have about you will be in our pupil file. We usually keep these until your 25th birthday unless you move to another school, in which case we send your file to your new school. We have a policy which explains how long we keep information. It is called a Data Retention Schedule and you can ask for a copy at reception.

Your rights and your parents'/carers' rights

You have the right to do the following:

- You can ask us for a copy of the information we have about you. This is called a 'subject access request.'
- You can ask us to correct any information we have about you if you think it is wrong.
- You can ask us to erase information about you (although we may have good reasons why we cannot do this).
- You can ask us to limit what we are doing with your information.
- You can object to what we are doing with your information.
- You can ask us to transfer your information to another organisation in a format that makes it easy for them to use.

Parents/carers can make a request with respect to their child's data where the child is not considered mature enough to understand their rights over their own data (usually under the age of 12), or where the child has provided consent.

Parents also have the right to make a subject access request with respect to any personal data the school holds about them.

If you make a subject access request, and if we do hold information about you, we will:

- Give you a description of it
- Tell you why we are holding and processing it, and how long we will keep it for
- Explain where we got it from, if not from you or your child
- Tell you who it has been, or will be, shared with
- Let you know whether any automated decision-making is being applied to the data, and any consequences of this
- Give you a copy of the information in an intelligible form

Individuals also have the right for their personal information to be transmitted electronically to another organisation in certain circumstances.

There is more information in our Data Protection Policy or you can ask Claire Smith. The policy can be found on our website More information about your rights is available in our [data protection policy](#) via our website www.arktindalprimary.org or from the school office

If you want to contact us about your personal information you can contact our school's data protection lead, who is Claire Smith, via the Academy Office on 0121 464 3049.

You can issue a complaint about what we do with your personal information. If you are not happy with our answer to your complaint, then you can complain to the Information Commissioner's Office: Information Commissioner's Office, Wycliffe House, Water Lane, Wilmslow, Cheshire, SK9 5AF. Tel: 0303 123 1113 (local rate) or 01625 545 745 if you prefer to use a national rate number.
